

## **Parent/Staff/Users Annual AHERA Notification Letter**

To: All Parents, Staff and Users of Elizabeth High School

From: Elizabeth School District

Date: October 19, 2024

In Compliance with the US Environmental Protection Agency, (EPA), Asbestos Hazard Emergency Response Act (AHERA), we have performed a school building inspection for asbestos-containing building materials and have developed an AHERA Asbestos Management Plan. This facility's findings and asbestos management plan is on file in the school administrative office, for public review.

No asbestos containing building materials were used in the construction of Elizabeth High School. A letter of exemption is on file in the management plan in the district's administrative office.

Everyone is welcome to view this information anytime during normal school hours (Monday – Friday, 8 AM – 3 PM). The Elizabeth School District asbestos program manager, Mark Oeser, is available to answer any questions about asbestos (phone number 303-646-1849).
