

Parent/Staff/Users Annual AHERA Notification Letter

To: All Parents, Staff and Users of Frontier High School/Frontier Center

From: Elizabeth School District

Date: October 19, 2024

In Compliance with the US Environmental Protection Agency, (EPA), Asbestos Hazard Emergency Response Act (AHERA), we have performed a school building inspection for asbestos-containing building materials and have developed an AHERA Asbestos Management Plan. This facility's findings and asbestos management plan is on file in the school administrative office, for public review.

The EPA requires us to perform surveillance of the asbestos materials every six (6) months and to conduct re-inspections every three years.

No significant changes in the asbestos materials condition were noted during the 2023/2024 school year regarding surveillance of this school/facility.

All asbestos materials are in satisfactory condition and we shall continue to manage them in place, as recommended by the accredited management planner.

The results of the surveillance are on file in the management plan in the district's administrative office.

Everyone is welcome to view this information anytime during normal school hours (Monday – Friday, 8 AM – 3 PM). The Elizabeth School District asbestos program manager, Mark Oeser, is available to answer any questions about asbestos (phone number 303-646-1849).
