

**MEMORANDUM**

TO: Board of Education

FROM: Dan Snowberger, Superintendent

SUBJECT: Change in 2024-25 calendar

DATE: March 10, 2025

As shared, the district is currently within 1 hour of meeting the minimum number of instructional hours at the high school level. This has necessitated that we pivot to remote learning even when there is a possibility of us starting late and providing in person instruction as a two-hour delay currently would cause us to drop below the minimum number of instructional hours.

I have notified the community that I would be asking that May 22 be changed to an instructional day to provide us the option of a delayed start should we encounter another storm that would only warrant such delay. At this time, I am asking that you permit a modification to add May 22 as a “Half Day” with students being dismissed after four hours of instructional time. This will allow us to add back two delayed start should that be our best option with future inclement weather. Teachers would still have a half day to finish up their duties and closeout professional responsibilities.

I request the board to *move to approve the modification to the 2024-25 calendar changing May 22 to a half day for students keeping the remaining half day as a teacher workday/last day for staff.*
