

## TECHNOLOGY DEPARTMENT

### RECOMMENDATION MOTION FOR BOARD OF EDUCATION

**To:** ESD Board of Education  
**From:** ESD Director of Technology, Marty Silva  
**Date:** June 23, 2025  
**Business Date:** June 23, 2025  
**Subject:** Approval of Chromebook purchase with Trafera

#### RECOMMENDATION:

I move to approve the purchase of 390 Chromebooks from Trafera LLC of Minnesota for the total purchase price of \$95,550.

Five vendors responded to the ESD Technology Department's RFP (request for proposal) for student Chromebooks and submitted bids. All of the bids contain Chromebook models with closely similar or the same specifications, and also include the required Google License necessary to manage the devices. Price was the most important factor along with ease and cost of future repair in the selection process and Trafera was the vendor selected based on these two factors.

These Chromebooks will be distributed across all ESD schools as needed.
