Date

I have reviewed the course descriptions with my student. I further acknowledge that our selection is final for the 2025/2026 school year.

6th Grade Elective Course Descriptions

Intro to Art

Practice your basic art skills in drawing, painting, sculpture, and more. Discover the art and artists from diverse eras and locations, and explore various art styles.

Beginning Band ****Year Long Class****

Come learn to play a band instrument. Band instruments include all woodwinds, brass, and percussion. Pick an instrument to play, learn the basics, and play with some amazing people! No experience is required!! Just the love of music and an interest in music. Performances in two after-school concerts are required per semester. ***(Students can be placed in Intermediate or Advanced Band upon teacher recommendation).***

Beginning Orchestra ****Year Long Class****

Come and learn an orchestra instrument. Orchestra instruments are violin, viola, cello, and double bass. Pick an instrument to play, learn the basics, and play with your classmates! No experience is required! Just a love for music and an interest in playing an instrument. Performances in two after-school concerts are required per semester. ***(Students can be placed in Intermediate or Advanced Orchestra upon teacher recommendation).***

Choir

Explore singing with a choir! Even if you think you can't sing, this is the place to discover your talents and harmonize with your peers! There will be two required evening performances.

Theatre

Want to be an actor? Learn about the stage and how to perform both in groups and on your own.

Perform your own stories, learn theatre terminology, how to improvise, and memorization techniques!

Computer Science Discoveries

Take your knowledge of computer science to the next step! In this class, we will review our understanding of block coding and begin exploring more advanced applications, including animation, game design, 3D modeling, and robotics.

Introduction to Engineering

Are you interested in building a bridge? Would you like to design and build a car and then see it speed across the cafeteria? If so, Introduction to Engineering could be the class for you! Skills including measuring, proper tool usage, and group problem-solving will be utilized in this class.

PE

Physical Education (PE) for middle school students is an engaging and dynamic class designed to help students enhance their physical fitness, acquire new sports skills, and understand the importance of leading an active and healthy lifestyle. It combines both fun and educational activities that promote teamwork, individual effort, and sportsmanship.

Health

Health is a class that teaches students about making healthy choices and understanding how their bodies, minds, and emotions work together to maintain overall well-being. The goal is to help students develop skills and knowledge that will enable them to maintain a lifetime of good health and well-being. Topics in Health class are designed to be both educational and practical, giving students the tools they need to take care of themselves.

Intro to Spanish

Middle school Spanish is an exciting and immersive class that introduces students to the Spanish language and culture in a fun and engaging way. The goal is to help students develop basic speaking, listening, reading, and writing skills in Spanish, also learning about the diverse cultures where Spanish is spoken worldwide.
